

WESTERN SECURITIES

ESTABLISHED · 1932

THANK YOU!

Thank you for attending the first Stadium Shopping Centre masterplanning workshop on October 9. We had close to 60 people attend and collected an abundance of feedback that will help shape future workshops and the emerging masterplan concepts.

The first workshop was designed to spark conversation around specific items such as massing, land uses, amenity space, streetscapes, and so on that will provide a framework in the creation of masterplan concepts to be presented in the second workshop.

Next week will be disseminating our summary Newsletter that will include:

- A detailed overview of the outcomes of the first workshop and how those outcomes will impact the second workshop;
- Highlights of the feedback we received and answers to common questions asked;
- An outline of the process and timeline;

This information will also be posted online at www.westernsecurities.ca/stadium.

We have also recently included a "Registration" page on our website so please spread the word to fellow friends and neighbours to register to receive the Newsletter that will provide regular project progress, recaps of all masterplanning workshops and other relevant information pertaining to the Stadium Shopping Centre redevelopment.

The second masterplanning workshop will be held on November 13

6:45pm - 9:00pm

University of Calgary, Dining Centre, Alberta Room

RSVP to Debbie Michiels at stadium@westsec.ca

or via phone at 403-781-8124

We hope to see you there!
